Flowtouch®
Compadion

Flowtouch Compadion Ocean

Discover an entirely new kind of workflow with the Flowtouch Compadion, the iPad® can be used in the most demanding environments. The terminal offers all the benefits of a robust iPad: state-of-the-art technology by Apple® in a “ruggedized” case from the Flowtouch product line by Flowgistics®.

Flowtouch Compadion Ocean

The Flowtouch Compadion Ocean is a robust terminal developed for industrial use that can be used as a mobile handheld device or mounted anywhere with a universal adaptor. Thanks to the Compadion's tough and durable casing, the iPad is completely protected from water and dust (protection class IP67). It can easily withstand falls, even on concrete, and handles temporary submersion (max 50cm/approx. 20") without problem.

Flowtouch Compadion Handstrap Kit »
For comfortable and secure handling; Optional (PN 101210)

Flowtouch Compadion VESA Mount Adapter »
